Your Boxes

Cheapest Moving Boxes Recycling Information

Cheapest Moving Boxes is doing our part in helping our environment one box at a time by preventing perfectly good boxes from being recycled prematurely or ending up in Landfills. By having Cheapest Moving Boxes pick up your gently used boxes or returning them to our office you are doing your part and helping the environment!

WHY SHOULD I RECYCLE?

- You are helping the Environment by keeping your used boxes out of landfills!
- You are helping the Environment by requiring fewer trees to be cut down to make new boxes!

HOW DOES CHEAPEST MOVING BOXES RECYCLE PROGRAM WORK?

-  **Step 1** Make sure all papers and packing material is removed from all boxes.
-  **Step 2** Break down all of your boxes so that they are flat & sort them by size.
-  **Step 3** Place all clean and reusable packing paper and materials into an upright box, such as wardrobes.
-  **Step 4** Fill out the online form or call to schedule a pick-up or drop-off date and time.
-  **Step 5** If having boxes picked up, place them in a dry accessible area for pick-up.

WHAT IS ACCEPTABLE BOX WEAR?

Acceptable Wear includes:

- Pen Markings
- Tape (still on box is preferred vs. ripping tape off)
- Stickers (color codes, room codes, identifiers, fragile stickers, etc.)
- Minor dents (that don't cut through box)

Unacceptable Wear includes:

- Water Damage
- Grease or other chemical Stain
- Holes, rips, or tears in box
- Major dents, or one (1) 'Crushed' corner
- Missing layer of cardboard, exposing corrugation (often caused by ripping tape off)

Note: *Cheapest Moving Boxes will not be able to pick up a load of only unacceptable boxes, but will recycle them for you as a courtesy if you drop them off at our office.*
